

Annual meeting April 13 - 14th, 2007

Danish Society of Nephrology

Radisson SAS Scandinavian Hotel

Aarhus Denmark

Friday April 13th, 2007

13.30 - 14.30 **Arrival, exhibition and coffee**

14.30 - 15.30 **Claus Brun lecture:
A risk and benefit assessment of living kidney
donation** Anders Hartmann
Oslo, Norge

15.30 - 16.00 **UK Transplant:
Organisation and results
(including data from the national potential donor
audit)** Chris Rudge
Managing and
transplant
director.
Bristol, UK

16.00 - 16.30 **Break, exhibition and coffee**

16.30 - 17.00 **Estimating the organ donor potential in Denmark: A
prospective analysis of deaths in intensive care units
in northern Denmark** Lone Bøgh and
Kaj Anker
Jørgensen
Aarhus

17.00 - 17.15 **Discussion**

17.15 - 17.45 **National Registry: Rapport 2006** James Heaf and
Hans Dieperink

18.00 - 18.30 **Registration at ARoS www.aros.dk**

18.30 - 19.30 **Visiting ARoS**

19.30 - 23.45 **Dinner at ARoS, ART Restaurant. Level 8**

Saturday April 14th, 2007

09.00 - 09.45 **Renal albumin handling in physiology and pathology** Erik Ilsø
Christensen
Aarhus, Denmark

09.45 - 10.30 **ABO-incompatible Kidney Transplantation** Gunnar Tydén,
Stockholm

10.30 - 11.15 **Break, exhibition and coffee**

Frie foredrag: Chairman Claus Bistrup

11.15 - 11.26 Hornum M, Clausen P, Hansen JM, Mathiesen E, Feldt-Rasmussen B.
The endothelial dependent flow-mediated dilatory response is delayed in patients with chronic renal failure on the transplantation waiting list as compared to patients awaiting living donor transplantation; an association with duration of ESRD?

11.26 - 11.37 Frimodt-Møller M, Nielsen AH, Kamper AL, Strandgaard S.
Reproducibility of pulse-wave analysis and pulse-wave velocity

11.37 - 11.48 Wang D, Iversen J, Leone A, Connors SG, Strandgaard S, Wilcox CS.
Asymmetric Dimethylarginine, 13-Hydroxyoctadecadienoic Acid and EDRF/NO in Patients with Essential Hypertension

11.48 - 11.59 Madsen MB, Lindeborg L, Hansen HE, Ivarsen P, Povlsen JV.
Complications related to ultrasound-guided percutaneous renal biopsies: A retrospective single center study

11.59 - 12.10 Strandhave C, Søndergaard E, Pedersen RS, Bendix K, d'Amore F, Jørgensen KA
A Single-centre Experience of Clinico-Pathological Features, Risk Factors and Treatment Outcome of Posttransplant Lymphoproliferative Disorders (PTLD) after Renal Transplantation

12.10 - 12.21 Hornum M, Mortensen KL, Kamper AL, Andersen ÅB.
Limitations of the QuantiFERON® -TB Gold test in detecting Mycobacterium tuberculosis infection in immunocompromised patients

12.21 - 12.32 Larsen JJ, Mersebach H, Sørensen SS, Rasmussen ÅK, Hasholt L, Feldt-Rasmussen U.
Kidney function in Danish Fabry patients treated with α -Galactosidase A infusion

12.32 - 12.43 Heaf J.
 $1.73 \text{ m}^2 = 1.92 \text{ m}^2$

12.45 - 13.45 **Lunch**

Frie foredrag (fortsat) Chairman: Jens Dam Jensen

- 13.45 – 13.56 Sørensen VR, Mathiesen ER, Watt T, Bjorner JB, Andersen N, Feldt-Rasmussen B.
Diabetic patients treated with dialysis: Complications and quality of life
- 13.56 – 14.07 Sørensen VR, Mathiesen ER, Heaf J, Feldt-Rasmussen B.
Improved survival rates in patients with diabetes and end-stage renal disease in Denmark
- 14.07– 14.18 Feldt-Rasmussen B, Lange M, Sulowicz, Gafter U, Lai KN, Wiedemann J, Christiansen JS, Nahas ME.
Improvement of lean body mass, other predictors of mortality and quality of life during growth hormone treatment in patients on chronic haemodialysis: Results from a randomised, double-blind, placebo-controlled trial
- 14.18 – 14.29 Honkanen E, Jensen PB, Kauppila L, Wikstrom B, Rensma PL, Krzesinski JM, Aasarod K, Verbeke F, Rasmussen M, Volck B.
Calcification Outcome in Renal Disease (CORD) – a prospective epidemiological multinational study: Baseline parameters of abdominal aorta calcification score in dialysis patients
- 14.29 – 14.40 Pedersen KR, Pedersen J, Hjortholm K, Christensen S, Larsen SH, Hjortdal VE, Povlsen JV.
Acute renal failure managed with peritoneal dialysis after surgery for congenital heart disease in children
- 14.40 – 14.51 Szpirt WM, Krarup E, Egfjord M.
Saving effect of plasma exchange on cyclophosphamide dose in induction treatment in ANCA-associated systemic vasculitis
- 14.51 – 15.02 Damholt MB, Meert N, Vanholder R, Dethloff T, Feldt-Rasmussen B, Ladefoged SD.
First report of efficient removal of protein bound uremic toxins in chronic hemodialysis patients by modified plasma separation and adsorption combined with hemodialysis (mFPSA)
-

Saturday April 14th, 2007

15.00 - 15.30 **Break, exhibition and coffee**

15.30 - 16.30 **General assembly**

Herunder

1) Uddeling af 2 Roche legater til Boston uddannelsen

2) Uddeling af priser til 2 vindere af årets foredrags-konkurrence.

Priserne er henholdsvis:

- En kongresrejse til ASN efteråret 2007, sponsoreret af af Janssen-Cilag
- Den anden pris er sponsoreret af ERA-EDTA og består i en kongresrejse til EDTA-kongressen 2008 samt 3 års gratis medlemskab af ERA-EDTA.

Overrækkelse af diplom til 2006 vinderen af ERA-EDTA-prisen Signe Hjorth

Årsmødet sponsoreret af:

**Amgen AB - Roche - Gambro Danmark, filial af Gambro Lundi AB -
Janssen-Cilag – Novartis - Abbott - Astellas Pharma**
