

**EPINEPHRO**

# International Seminar on Renal Epidemiology

Third edition

*Paris*

*Thursday 15 - Friday 16 September 2016*

Registration: <http://epidemionephro.com/>  
Abstract (dead-line 1 July) : [epinephro@gmail.com](mailto:epinephro@gmail.com)

**This two day symposium is the biennial meeting that gathers together Nephrologists and Epidemiologists involved in renal epidemiology around the world.**

Workshop 1: Rare disease, rare treatment. Place for CKD-ESRD registries or specific observatories?

Workshop 2: Observed heterogeneity in renal care and outcomes. Heterogeneities or inequalities?

Workshop 3: Benefit of renal transplantation. Which indicator for which audience?

Session 1: Treatment evaluation

Session 2: Prognostic evaluation

Session 3: Qualitative evaluation
